#### SUGAR MARKET ADJUSTING 10 NEW AND OLD CROPS

PRICE

CUBA'S CROP IS NOT OVER 1,100,000 NS — THE EUROPEAN BEET CROP SITUA-TION.

Willet & Gray's sugar circular for July 6 reports as follows on the raw

ugar market: RAWS.—The Fourth of July holl-RAWS—The Fourth of July holidays reduced business and decreased meitings for the week. Changes in prices were unimportant here, though important abroad. One sale during the week of Porto Rico Centrifugals was made at 4 3-15c. for 96 deg. test followed by sales of 44c. on reports of unfavorable crop weather in Europe. At the close, however, a sharp declins occurred in Europe which had a depressing effect upon Cuban holders and they accepted a bid of 2 13-16c., c, and f., basis 96 deg. test on a cargo for prompt shipment, which is equal to 4 3-16c. landed, thus establishing a net decline of 1-16c, for the week.

4 3-16c. landed, thus establishing a net decline of 1-16c. for the week.

The European market made a new low level at the close today at 10s. 9d. for immediate and 9s. '½d. for October delivery. Inasmuch as September 1s quoted at 10s. 6d. and October 9s 13/2d., the difference between old and new crop is still too large to hold much longer. The surprise is that the new crop quotations still show declines in sympathy with the old crop, as on

crop quotations still show declines in sympathy with the old crop, as on merits new crop quotations would seem to be low enough already.

Java sugars might be bought at 11s 2d. c. and f., equal to 4.30c. landed, for 26 deg. test, but offerings are light, the earlier shipments having been nearly all disposed of and no arrivals being reported at port of call.

## MAN OVERBOARD FOUND: AN IRISHMAN

If anybody has a friend of bibulous endencies and a name something like McHaney or McShaney, will he or she clease come down to the waterfront and take him away? He isn't wanted there and as he persists in jumping averboard into the deep blue sea at frequent intervals, the waterfront is getting tired of fishing him out.

It all happens because this McHancy or McShaney or what's his name wants o mix his drinks and goes about it not wisely but too well. Full of all that is best, including Primo, it is un-derstood, this gentleman yesterday andered down to the ship John Curner, lying at Sorenson's wharf, went in board and proceeded to sleep. The nate expostulated after awhile-ar mate will—and the convivial one, aft-ad announcing his name with inco-perence but decision, took off his cont nd boots, leaped into the water, -- and that is where the drink-mixing process began. Willing hands tenderly rescu-

the foundation for another waterfront high-ball.

This morning "Mac" came forth again. This time, determined to set a record for Dan Renear to emulate, the Hibernian dived from the Oceanic wharf where the water is really deep and there is no other side for some time. He struck out valiantly for the open sea, but there might have been a real tragedy if Boatman Hiram hadn't come along and heaved the sinking but undismayed McShaney into his boat. He was again put on shore.
At the time of going to press it is not known whether he is on terra firma or in the water again. Chances

favor the latter. If it belongs to anybody, will be please come and get it? Or. kind stranger, even you are welcome to Me-Haney or McShaney, or What's-his-
